

Dear Mr George,

Malcolm Bennett from Jersey calling, as today it seems an appropriate time to write again and to thank you for saving my life. Today it is a year since you performed the operation that gave me back a life.

Due to your skill, confidence and understanding I will tonight be out for a meal with my wife and next week will be celebrating my 76th birthday. Both of these events and the great many others that have happened in between would not have been possible, had it not been for your talent and your dedication to your profession.

Once again very many thanks from myself and my wife and wishing you and yours health and happiness,

God Bless,

Malcolm & Sue
